

Medical Offices and Clinics Pandemics Influenza Planning Checklist

HHS and the CDC

developed the following checklist, which should be used in conjunction with guidance on healthcare preparedness planning in Supplement 3 of the HHS Pandemic Influenza Plan, found at www.hhs.gov/pandemicflu/plan/index.html#part2.

It is designed to assist medical offices and clinics identify strengths and weaknesses of current planning efforts. The checklist emphasizes that medical offices and clinics must actively seek information that is available locally or at the state level to ensure overall preparedness. <http://www.pandemicflu.gov/plan/medical.html>
